**Jurors' Comments:** I was excited to jury a show inspired by water because of our location to the Great Lakes, Black Swamp and many rivers and creeks in our area. The artists presented a lovely selection of mediums and subject matter with a diverse view from modern and classic styling. I personally find it to be such an inspiration in both artistic works as well as a spiritual and contemplative place for one to be able to center themselves. The colors of the work I judge were much like the waters that inspired it ... blues, greens, browns with touches of purples, turquoise and reds ... all very beautiful.

The compositions of the artwork were well thought out and show a strong sense of design. The Best of Show piece captured me as soon as I saw it ... the fluidity, the colors with the textual components that the paints made really made me feel the location as if I was there in person.

A wonderful show to be able to jury and each artist should be very proud of their talent. A nicely diverse selection of talented artists! It was a tough decision to narrow down our winners!

Julie Beutler – 05/19/17
